FOWORA ISRAEL AYOMIDE

Web Designer | Computer Science Student

WORK EXPERIENCE

Web Development Intern

2025 – Present

Skillboost Africa (Remote / Port Harcourt Hub)

- ▶ Assist in building responsive, cross-browser web interfaces for real client projects.
- ▶ Create modern, user-friendly layouts using HTML5 and CSS3 (Flexbox & Grid).
- ▶ Collaborate with designers to implement pixel-perfect, mobile-first web designs.
- ▶ Optimize web pages for speed, accessibility, and SEO best practices.

WEB DESIGN PROJECTS

JobReady.com.ng

2026

- ▶ Developed a professional job listing and career platform using WordPress.
- ▶ Implemented job postings, application management, and responsive design.
- ▶ Created a user-friendly interface for job seekers and employers.

AiSchool.ng

2026

- ▶ Built an educational platform focused on AI and technology learning using WordPress.
- ▶ Designed course delivery system and community hub for tech enthusiasts.
- ▶ Implemented responsive design for optimal viewing across all devices.

Student Attendance Register System

2025

- ▶ Created a fully working and responsive attendance register for students in Redeemer's School of Disciples.
- ▶ Built with HTML, CSS, and JavaScript — focused on clean UI and seamless user experience.
